ENGLISH TRANSLATION

Pupils, so diversely presenting themselves to us, but hardly the ones, "colouring" themselves blue, even less green and grey appear in this earthly world. We dealt sufficiently with the presence of the bright and their respective areas of responsibility determined for their weaving in this realm. With this, so my assumption, everything is also said with regard to the caution against "*souls of different colours*", but apparently I am not the only one, who falls victim to my naivety, which always stabs me in the back, also YOU seem to be a clumsy fellow in these special cases, always stepping with both feet on the obvious banana-peels, to try them out in every single way. What are we talking about?

As a child, I talked to a boy about my age, my grandfather :kurt wilhelm strictly jerked me aside, scolded me, I was not aware of any guilt. His words: "*Look into his eyes, boy, see the darkness!*" So many times I said to myself: "*The stupid old man is going mad more and more.*" In this case he was more than right, something as evil as this boy named BEN-JAMIN (!), I did not experience from any

other 'friend', not even from my former child enemies. Years later we talked about this very fascinating topic, when my grandfather praised me for my girlfriends, they were always only girls with bright soul light. Until then one day, a certain woman crossed my life, whose 'goodness of heart' turned into destruction against me. At first she was travelling the world with brown eyes, which then turned into a blue with purple wreath. A witch par excellence, like most of the ones accompanying me for some time know. What she was and is capable of in the energetic-physical spectrum, I must not even think of this monster...

Don't worry, not every person with brown eyes is such a malicious and at the same time malicious nature. Even contemporaries, who camouflage themselves in bright light can equally carry evil in their nature. With most people of the dark colour of the soul, something heavy still weighs occasionally in their merit, which they have to work off in one way or another during this lifetime. If they balance their account balance, this from CAUSE and EFFECT adding up, then either the eye colour already changes in their current life or at the coming birth it will surely be the case. What soul among whites (!) is however in the highest degree imperfect, is shown in the picture on the right as an example >>>

Yes, yes, researchers found out ... the pure truth they will not be allowed to present publicly even after they have found out about it. The fantastic thing about eyes is that you can read them, which after a short study of the different facial expressions and body language aspects is possible for everyone. So what does all this information have to do with the eyes shown in picture 1?

Thorsten Schulte, the "*silver boy*", who as a professional has grown so close to all of our hearts, who puts a lot of his heart and even much more of his "love" and "time" in his self-published books, Mums Darling and also mother-in-law's superstar! Who is not able to love Thorsten Schulte, his tears at public appearances, the fuss and drama of the over the unmasking of certain politicians, with whom he met on their terraces at the Reichstag (government building in Berlin), example Alice Weidel, and many other clues. Tell me, dear brother, dear sister, when in your life did you ever have a date with Alice Weidel (AfD = Abkassieren für Dreistigkeiten ---> cashing in for impertinence) and for what high purposes? What should such a meeting with a

newly created control unit to stupify DEUTSCH controlled from ISRAEL have in common with an enlightening or destiny changing path? Does not rule there, the one we recently exposed as the one given by Yahweh, the friend of DJT?

Understand: ALL PARTies admitted in Delaware (or DE, which is one and the same) are instruments of power of division, as so often and numerous depicted in my writings. "DEVIDE ET IMPERA" - divide and rule, and how could one better and more progressively smash the FOLK = FOLLOW! ... into pieces? The good Mr. BAUMANN of the party just named, always, again and again, pointed out to the Dumb-DEUTSCH-FOLK to particularly want to push forward an intimate cooperation with its favourites from ISRAEL. And whoever believes, that the good Mr. BAUMANN of the AfD Hamburg would carry out all his negative actions at least for free of charge, due to the boundless hatred for the German enemies - we should quickly give up our childish naivety.

It is to be understood, that there is not one Yahweh out there, who is hostile to the Bright, but in 10 or 20 different designs among the allegedly fighting expressions of ultimate evil. There is the Oliver Janich, also Andreas Popp, his wife, Eva Braun, oh, what do I write... Eva Herman, of course, who is so much in search of peace, and who stuffs one murdered animals after the other into her mouth, for the sake of peace, quite clearly; not to forget the one peace movement, a second, a third and then the Bavarian mummy, who was with Schrang and Schrang himself, who, as a Buddhist, forgot, that the vast majority of his so-called "faith" honours and loves animals to the highest degree, even earthworms are resettled affectionately, when planting trees, as we also do; the dear and reserved HaJo Müller... Not 10 or 20 different aspects of ZION 2.0 Satanism are waiting with loaded stumbling blocks, there must be hundreds and thousands, but Dumb-German simply does not want to wake up.

Being able to read eyes is a certain advantage over untrained people. Only once, I received an invitation from a very highly respected business partner, I sat close to Thorsten in the second row in front of the stage. Man, it was cold there! Normally I am not squeamish, as far as temperatures are concerned, I swim in the ice, even in winter I walk through the Woods lightly clothed, but that evening Satan sat on my neck ... or maybe he was standing right in front of me? Please remember one of the most important points of knowledge in your life: If a person is lying and this person did not go through a tough secret service school, his pupils dilate and pull together, they pulsate. If this person always escapes your watchful eyes when lying, looks to the page, directs to other topics, ... well, Thorsten, tears won't help there either.

A very good friend of mine is an actress, in my opinion one of the best German actresses ever. I asked her, since it fascinates me like hardly anything else, to PRETEND (pay attention to this word) something quite effervescent ... She began to act, cheerfully and whooping with joy, changing into the theatrical, nervous breakdown, tears flowed, I sat in front of her with goose bumps. After completion she asked, "*And, how was it for you, did it feel real?*" I wasn't quite sure if I was having an orgasm or a heart attack, because... my first thought was: *how can her boyfriend Guido trust her even one bit?*

I am absolutely lacking a gene for this kind of art. Whenever I did something wrong in life, no matter what, I went to my parents or grandparents, confessed immediately, got a mild punishment, because they could always rely on my word of truth. Not my sister, a false serpent of the special class, she lied, sometimes the curved ceiling beams were already crushing me, therefore her very long nose. Pinocchio says hello!

Back to Thorsten: What high school the man must have attended in order to learn to perform like this? In addition there are many others of this sort, some of them are teachers of the obedient in the FOLK. As already mentioned, the bright eye colour says nothing about the purity of the soul, but often already the deeds let us recognize with whom exactly we are confronted. Must animals suffer

or even die, if the performing arts are in their vicinity? Are their pupils pumping like a May buyers, when they are telling the truth? How are the pupils of a person designed, are they bland, do you look into DEAD EYES, when you look at your counterpart, do the eyes twitch, do the eyebrows lift? What is the pitch of his voice? Does it stay the same, does it change, do you notice an elevated pulse in certain situations at the carotid arteries? All these signs of conscious deception indicate inconsistencies in the truth of the information. If they are unusually sweating...

Who may be interested, my eye colour is blue-yellow, according to vernacular green. If light hits my eyes, then my pupils are happy, they dance. The rigid view into the sun lets very large quantities of light fall into them and who already has resisted the pleasure of the midday sun, notes, this is not a sphere, but a shiny golden plate with a flourishing, rotating ring, presenting itself like liquid gold. Now, what is being pretended here in the terrarium of the

Satan, seems to have been felt in great detail by the showman school of Thorsten Schulte. The one, who looks a little closer behind the facade will see WHO and WHAT this man really is. Certain forces are overly interested in reviving the legal status of the company DEUTSCHES REICH once again. Now every reader seriously wonders what purpose this revitalization could have? The *First World War* - **the TRADE WAR!** - was only possible for one reason ...

Find out, dear warrior, fair maiden! Already after studying tomorrow's message you will know, why I have been trying to convince you for more than a decade to consume pure plant food. The chaff from the wheat, also in the physical ... Carbon or crystalline silicon?

Der Sieg dem Heil.
